Lark in the Park Christmas Party

Another wonderful year and another wonderful party they seem to get better and better as the years go on!

The children were collected from their schools by Sussex Cars, and were greeted at the door by Santa assisted by a teddy bear.

Once inside students from Sussex Downs college looked after them and made sure that they could participate and enjoy the party, they enjoyed the party as much as the children.

A party tea was laid on by a great team of Theresa and Julie from Asda who ensured that all the children were catered for and drinks supplied, including those on special diets. The parents and carers were also supplied with refreshments, and also sandwiches thanks to Julie at Enjoy! Café.

Entertainment was supplied by Big G disco and also Jo the Balloon lady. It really is wonderful to see the children dancing and doing the hokey-cokey round the floor, and taking part together.

A Christmas Party is not complete without a visit from Santa, who came along and also danced with the children. Each child was able to visit Santa in his grotto and everyone received a gift as they left the party.

Last but by no means least we must thank the staff at the Winter Gardens for their help in getting the party ready, and also the committee and volunteers who made this event happen, including St. John Ambulance. We are all looking forward to the next one!!
